Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Loss of General Amenity - Other - Overdevelopment
Comments:	This application states "installation of a replacement telecommunications base station". However, as there is no existing telecommunications base station in this location, the applicant should be required to make a 'Prior Approval' application for a NEW installation. Therefore, I am suggesting that this application be REFUSED and a NEW application made for this location.
