Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:
- Overdevelopment
- Privacy Light and Noise

Comments: I object to this planning application on the grounds that the existing roof line does not allow for a second floor so the development would have to be much higher to accommodate standing height which the included drawings do not show, thus effecting not only the look but light levels would be vastly effected to my property.

Privacy would very much be lost in the rear of my property as the outdoor space is in very close proximity to the developement , and would over look my conservatory and bedrooms, I feel it is in very stake contrast to what is already there.

I strongly advise a site visit would be needed to allow you to view the effect on neighbouring properties and the height levels I have mentioned.

Regards Mr J G Woodley
