Dear Sirs,

Re: Application no. ABC/0305/09
New bungalow adjacent to 49 Cecil Road, Lancing, BN15 8HP

With reference to the above development, please find detailed below the information you require concerning building materials/procedures prior to the commencement of this project;

1) The bricks proposed for this build are Multi Capitals for the main walls and Parham Reds for the corners and around the windows. Samples supplied with this letter.

2) The fencing to be constructed in close-boarded style, 1.8m high. This has already been carried out on the south boundary.
3) Contractor parking/unloading will be located on site, as per the attached drawing.
4) The attached drawing shows the proposed layout of the hard and soft landscaping. There will be no planting of borders as the bungalow is being built for an elderly couple who wish it to be as low maintenance as possible.
5) The proposed roof tiles are Sandtoft Standard. Sample supplied with this letter.

I look forward to receiving your approval that this project may be started.

Yours faithfully,

[redacted]
G. H. MUSSELL
