Circle Health Group Limited
Goring Hall Hospital Hospital
Bodium Avenue
Goring
BN12 5AT

Dear Cheryl,

Given the recent tree survey carried out on site on, I can now provide you with a comprehensive quotation for tree works at Goring Hall Hospital.

Quote specification and costing:

Job description (recommended by the Ground Control group for Health & Safety)

1. T1 Common yew fell to ground level leaving stump at 1m high.
2. T17 Common yew sever and remove ivy to 1.5m above ground level
3. T39 Common Beech Reduce Crown in Height (by 3m) and Shape (Specify final height and width)
4. T47 Sycamore Dismantle to ground level
5. T49 Common ash Dismantle to ground level
6. T51 Box fell to ground level (directional fell)

Additional details:

- All work areas will require cordening off to create a safe working zone prior to works commencing
- If trees are subject to a Tree Preservation Order (TPO) or are situated within a Conservation Area, consent will be required from the Local Planning Authority before works can commence. We would make any TPO applications on your behalf as part of the works. Works to neighbouring trees will require the owner's written permission in advance before works can begin
- For all tree works these will be carried out by our NPTC trained arboriculture certified team using, MEWP, chainsaws, chippers and various hand tools where applicable, as per the areas identified within the site plan overleaf
- With any tree or shrub works, the Ground Control group must ensure that no nesting birds are disturbed under the Wildlife and Countryside Act 1981, Countryside and Rights of Way Act 2000 and the European Habitats Directive 1992/Nesting Birds Directive. The 'Bird Nesting Season' is from March until August inclusive. If any works are requested to be carried out within these months we will perform bird nesting checks prior to the work commencing. If active nests are found, the tree/shrubs must not be worked on and we will inform you of this immediately

Importance of works:

As discussed on my visit with name, this work is recommended to improvement the site aesthetics and visual appearance for your clients.

Our commitment:

The Ground Control group, founded in 1973, is an award-winning commercial grounds maintenance contractor that also provides a number of other services including landscape construction, arboriculture, winter maintenance, pothole repairs, fencing, electric vehicle charge point installations and treatment of invasive weeds, as well as designing a wide range of incredible outside spaces including the newly unveiled Children's Garden at Kew Gardens in 2019.

We have used our significant heritage to our advantage, along with our complete commitment to providing outstanding customer service to deliver bespoke solutions to a huge range of clients within your very sector. Our proven track record is reflected in our 99% annual retention rate with some of our biggest clients including Tesco, Sainsbury's, Savills, Peel and CBRE.

Our commitment to you, as with all the Ground Control group works, is that we guarantee that these will be completed by fully trained and qualified operatives at all times and any waste will be disposed of at a licensed facility unless otherwise specified within our quotations.

Our price promise:

Our quoted price is inclusive of all labour, materials and delivery charges. The price is fixed and valid for a period of 30 days from the date of this letter.

Next steps:

I hope this quotation meets with your approval. To proceed with the site improvement works as outlined above please provide your approval by return email within the next 30 days including:

- Circle Health Group to email CHG@ground-control.co.uk to accept or decline quote
- If accepted, PO number to be issued – ground control reference number to be on PO
- Any dates you need to make us aware of
- RAMS to be submitted to yourselves for signing off
- If you are interested in exploring the use of any other services we offer including landscape construction, arboriculture, winter maintenance pothole repairs, fencing, electric vehicle charge point installations, treatment of invasive weeds and design

Once we have your instruction I will schedule the works with our team, which will be completed within 2 weeks in line with our service commitment to you and carried out as per the terms of our agreement.

Supporting evidence

Map:

I attach a site plan, taken from Google, with pins to mark the areas where each of the quoted works outlined will take place.
