29/8/13

Dear Dawn,

Further to our telephone conversation today, I enclose the Planning Application for a Driveway/Dropped curb, at the above property. I also attach a plan (on graph paper) showing what is proposed. I hope that this is okay now. I have not completed number 16 as we do not have an Agent. I can confirm that the street lamp is not in front of our property but is in fact outside our neighbours property (no. 112) and is nearly 3 metres away from the start of our front garden.

I hope that everything is completed satisfactory now and look forward to hearing from you asap.

Yours sincerely,

[redacted]
