Site: 113 Greenacres Shoreham-by-sea West Sussex BN43 5XL

Proposal: Application for Certificate of Lawfulness for proposed rear flat roof dormer, enlarged first floor rear window and front rooflight

Neighbours checked: N/A

Additional neighbour notifications: N/A

Proposal, Site and Surroundings

The application relates to a semi-detached property located on the north western side of Greenacres, Shoreham. There is a single storey rear extension and a 1.8m high fence that is sited on the boundary with No. 112. The property has a detached garage to the rear which is offset to the side and attached to the adjoining occupier garage. There is a double driveway/hardstanding that leads onto the road.

The adjoining property at No. 112 is semi-detached with the entrance to the property sited on the south western elevation. There is a large single storey conservatory extension that runs along the boundary with No. 113.

The adjoining property at No. 114 is a semi-detached house with a detached garage to the rear and offset to the side and attached to the garage of No. 113.

The surrounding area is residential with mainly semi-detached properties.

The proposal is for a lawful development certificate for the replacement and installation of a window in the first floor rear elevation, a velux window to the front roof slope and a dormer extension to the rear roof slope. The measurements of the rear dormer 4m in depth, 5.9m in width and 2.8m in height.

Planning Assessment

Principle

The proposal will be viewed against the criteria of permitted development, as laid out within The Town and Country Planning (General Permitted Development) (England) Order 2015, as amended

Consideration

Schedule 2, Part 1, Development within the curtilage of a dwellinghouse Permitted Development

Class A – Enlargement, improvement or other alteration of a dwellinghouse

A.1 Development is not permitted by Class A if-

a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class M, N, P, PA or Q of Part 3 of the Schedule (changes of use);

Analysis: The dwellinghouse has not been created through change of use by virtue of Part 3.

b) as a result of the works, the total area of ground covered by buildings within the curtilage of the dwellinghouse (other than the original dwellinghouse) would exceed 50% of the total area of the curtilage (excluding the ground area of the original dwellinghouse);

Analysis: N/A

c) the height of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the highest part of the roof of the existing dwellinghouse;

Analysis: N/A

d) the height of the eaves of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the eaves of the existing dwellinghouse;

Analysis: N/A

e) the enlarged part of the dwellinghouse would extend beyond a wall which:
i) forms the principal elevation of the original dwellinghouse; or
ii) fronts a highway and forms a side elevation of the original dwellinghouse;

Analysis: N/A

f) subject to paragraph g) the enlarged part of the dwellinghouse would have a single storey and-
i) extend beyond the rear wall of the original dwellinghouse by more than 4m in the case of a detached dwellinghouse, or 3m in the case of any other dwellinghouse, or
ii) exceed 4m in height;

Analysis: N/A

g) for a dwellinghouse not on article 2(3) land nor on a site of special scientific interest, the enlarged part of the dwellinghouse would have a single storey and-

i) extend beyond the rear wall of the original dwellinghouse by more than 8 m in the case of a detached dwellinghouse, or 6m in the case of any other dwellinghouse, or
ii) exceed 4m in height;

Analysis: N/A

h) the enlarged part of the dwellinghouse would have more than a single storey and-
i) extend beyond the rear wall of the original dwellinghouse by more than 3m, or
ii) be within 7 m of any boundary of the curtilage of the dwellinghouse opposite the rear wall of the dwellinghouse;

Analysis: N/A

i) the enlarged part of the dwellinghouse would be within 2m of the boundary of the curtilage of the dwellinghouse, and the height of the eaves of the enlarged part would exceed 3m;

Analysis: N/A

j) the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse, and would-
i) exceed 4m in height;
ii) have more than a single storey; or
iii) have a width greater than half the width of the original dwellinghouse; or
(ja) any total enlargement (being the enlarged part together with any existing enlargement of the original dwellinghouse to which it will be joined) exceeds or would exceed the limits set out in sub-paragraphs (e) to (j).

Analysis: N/A

k) it would consist of or include-
i) the construction or provision of a verandah, balcony or raised platform,
ii) the installation, alteration or replacement of a microwave antenna,
iii) the installation, alteration or replacement of a chimney, flue or soil and vent pipe, or
iv) an alteration to any part of the roof of the dwellinghouse.

Analysis: There is an alteration to the roof and this is considered below

A.2 In the case of a dwellinghouse on article 2(3) land:-

a) it would consist of cladding of any part of the exterior of the dwelling house with stone, artificial stone, pebble dash, render, plastic or tiles.
b) the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse;
c) the enlarged part of the dwellinghouse would have more than a single storey and extend beyond the rear wall of the original dwelling house.
d) any total enlargement (being the enlarged part together with any existing enlargement of the original dwellinghouse to which it will be joined) exceeds or would exceed the limits set out in sub-paragraphs (b) and (c).

Analysis: The dwelling is not on article 2(3) land.

A.3 Development is permitted subject to:-

a) materials must be of a similar appearance to those used in the construction of the exterior of the existing dwelling;
b) any upper-floor windows located in a wall or roof slope forming a side elevation must be:-
    i) obscured-glazed, and
    ii) non-opening unless the parts of the window which can be opened are more than 1.7m above the floor of the room in which the window is installed.
c) Where the enlarged part of the dwelling house has more than one storey or forms an upper storey on an existing enlargement of the original dwelling house the roof pitch of the enlarged part must so far as practicable be the same as the roof pitch of the original dwellinghouse.

Analysis: The enlarged window is on the rear. Materials will be similar to those used elsewhere on the existing house.

Class B The enlargement of a dwellinghouse consisting of an addition or alteration to its roof

B.1 Development is not permitted by Class B if:-

a) The dwellinghouse has been granted only by virtue of Class M, N, P, PA or Q.

Analysis: The dwellinghouse has not been created through change of use by virtue of Part 3.

b) The height of the roof extension would exceed the highest part of the existing roof;

Analysis: The height of the enlargement does not exceed the height of the highest part of the existing roof.

(c) the roof extension would extend beyond the plane of any existing roof slope which forms the principal elevation of the dwelling house and fronts a highway;

Analysis: the roof extension does not project beyond the plane of an existing roof slope which forms the principal elevation of the dwelling house and fronts a highway;

(d) the cubic content of the resulting roofspace would exceed the cubic content of the original roof by more than:-
i) 40 cubic metres in the case of a terrace house, or
ii) 50 cubic metres in any other case.

Analysis: The cubic content of the enlargement does not exceed 50 cubic metres (33m3).

(e) it would consist of or include:-
i) a verandah, balcony or raised platform or
ii) the installation, alteration or replacement of a chimney, flue or soil and vent pipe;

Analysis: The development does not include any elements in i) or ii) above.

(f) the dwellinghouse is not on article 2(3) land

Analysis: The dwelling house is not on article 2(3) land.

B.2 Development is permitted subject to:-

(a) the materials used in any exterior work must be of similar appearance to those used in the construction of the exterior of the existing house;

Analysis: materials will be similar

(b) the enlargement must be constructed so that:-

i) other than in the case of a hip-to-gable enlargement which joins the original roof to the roof of a rear or side extension –
(aa) the eaves of the original roof are maintained or reinstated; and
(bb) the edge of the enlargement closest to the eaves of the orignal roof is so far as practicable not less than 0.2m from the eaves, measured along the roof slope from the outside edge of the eave, and
ii) other than in the case of an enlargement which joins the original roof to the roof of a rear or side extension no part of the enlargement extends beyond the outside face of any external wall of the original dwelling house.

Analysis: Complies

c) any window inserted on a wall or roof slope forming a side elevation of the dwelling house must be:-
i) obscure glazed and
ii) non-opening unless the parts of the window which can be opened are more than 1.7m above the floor of the room in which the window is installed.

Analysis: There are no side windows.

Class C – Alterations to the roof of a dwelling house

C.1 Development is not permitted by Class C if:-

a) The dwellinghouse has been granted only by virtue of Class M, N, P, PA or Q.

Analysis: The dwellinghouse has not been created through change of use by virtue of Part 3.

b) The alteration would protrude more than 0.15m beyond the plane of the slope of the original roof when measured from the perpendicular with the external surface of the original roof;

Analysis: The rooflight would not project more than 150mm beyond the plane of the roofslope.

c) The height of the highest part of the alteration would exceed the highest part of the original roof;

Analysis: The rooflight would not exceed the highest part of the original roof;

(d) it would consist of or include:-
i) the installation, alteration or replacement of a chimney, flue or soil and vent pipe; or
ii) the installation, alteration or replacement of solar photovoltaics or solar thermal equipment.

Analysis: The development does not include any elements in i) or ii).

C.2 Development is permitted subject to the condition that any window located on a roof slope forming a side elevation of the dwelling house must be:-

a) obscure-glazed, and
b) non-opening unless the parts of the window which can be opened are more than 1.7m above the floor of the room in which the window is installed.

Analysis: There are no side windows
