Comments: I would not normally comment on my own behalf and on any reason why a planning application was being made but felt I wanted to explain that the only reason for the proposal is due to needing a room for a motor neurone sufferer to enjoy what is left of his life and give him the much needed space to fulfil his needs and some enjoyment of life other than just the four walls he currently endures. I hope that this and the letter from the MNDA might be published as comments in order that anyone might understand the request.
