Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	We live directly next door to 15 Winterton Way and object to the current plans relating to proposed extension to front with balcony over existing garage. Our reasons relate to being overlooked and loss of privacy: Front balcony in proposed plans would be overlooking the side access to our property and have direct visibility into the following rooms in our property: Kitchen - visibility through the door and window into our kitchen Lounge - visibility into the majority of our lounge Bedroom - significant loss of privacy with direct visibility into the whole of our bedroom Hannah Barker from Planning Services attended our property on 15th June and took photos that illustrate the above points. We do not have any general concerns about proposals to change existing planning for 15 Winterton Way as long as they do not encroach on our personal living space. Many thanks for your consideration of our concerns in relation to this planning application.

Kind regards
