Objection to Planning Application AWDM/1657/15 - 36 Lesser Foxholes

Dear Mr Peck

I wish to object to the updated proposed development at 36 Lesser Foxholes, Shoreham-by-Sea.

I objected to the previous proposal for various reasons, which still apply to the latest amended proposal. This proposal is overbearing, represents over development of the site, and is out of keeping with existing properties. The excavation of basements may cause subsidence problems to adjacent properties. The roof terraces will overlook adjacent properties. The proposal negates the existing covenant in contrast to enforceable covenants on existing properties.

Access to the houses and garages for eight cars is single track and would compromise safety.
Any new development should be in keeping with existing properties.

I hope you will reject the current application.

Regards
William Farmer
