Dear Sirs

We thank you for your letter dated 29th March Ref AWDM/0388/17 RELATING TO THE RETENTION OF CABIN , RAISED DECKING AND PERGOLA IN REAR GARDEN ALONG WESTERN BOUNDARY.

Myself and my Wife live at 30 Ullswater Road The rear of our back garden fence adjoins 95 Western Road and we feel deeply affected by the erection of the of the Cabin which was erected some months ago.

The Design of the building is overpowering in size . Our rear fence is 6ft high and the building (cabin) towers above the fence by approximately 1.10 mtrs The materials of the building do not seem to be in keeping with the area We have attached photographs taken from our back door which shows how invasive it is on our outlook. This has now become an eyesore and obtrusive feature to our garden and view

Less of our previous skyline can be seen and the natural shadows at the rear of the garden are taking longer to return to full sunshine on our rear patio area due to the excessive height of the cabin You will see from the attached photographs there is a window at the side overlooking or garden which we feel is an invasion of our privacy either whilst in our garden or our kitchen and bedroom

We returned from our holiday in September to find this had been erected . We had not even been approached by the owners of 95 Western Road out of politeness to warn us of this and were upset to find that during this work our solor lights had been damaged and the fence post weakened.

We would therefore like to make an objection against this building

Yours sincerely

Ray and Gina Cook
