Planning Ref: AWDN/1463/25

Enlargement of windows to first
floor rear (East) Elevation

Eagle House, 84 High St. WORTHING

My house is directly in front of this
building & while I welcome new
housing I would only be concerned
if the development meant:-

- ① Light / excessive security light feature
illuminating the area.
- ② windows that are so large they
impact my privacy in my garden
& kitchen.
- ③ I would also object to any phone
mast / security cameras installed
on said building.
