Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Design - Other
Comments:	My wife and I would just like to register no objection to this proposed plan. We think the design is well thought out and would improve the quality and price of all the properties in this area. The extensions involved would not inconvenience us in any way. 28 Valley Road is situated approx. 25ft from the rear of our premises. There are a number of houses in the local area all of which are having considerable amounts of work done. This is being done with consideration and minimal disturbance in all cases. We have no reason to think that this proposal will be any difference.

Kind regards
