Dear Sirs,

Proposal: Two storey front and side extension with pitched roof to north elevation, three storey extension to rear involving balcony at first floor level to south elevation and juliet balcony at second floor to south elevation.
Site: 48 Old Fort Road, Shoreham-By-Sea, West Sussex, BN43 5RJ.
AWDM/0262/17

Thank you for your letter of 28/02/2017.

Southern Water requires a formal application for any new connection to the public foul sewer to be made by the applicant or developer.

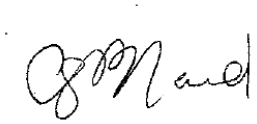

We request that should this application receive planning approval, the following informative is attached to the consent:
"A formal application for connection to the public sewerage system is required in order to service this development, Please contact Southern Water, Sparrowgrove House, Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk".

Our initial investigations indicate that there are no public surface water sewers in the area to serve this development. Alternative means of draining surface water from this development are required. This should not involve disposal to a public foul sewer.

Due to changes in legislation that came in to force on 1st October 2011 regarding the future ownership of sewers it is possible that a sewer now deemed to be public could be crossing the

above property. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its condition, the number of properties served, and potential means of access before any further works commence on site. The applicant is advised to discuss the matter further with Southern Water, Sparrowgrove House, Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk".

Yours sincerely

Developer Services
