Planning Department.
Ref.AWDM/0077/18 42 Southwick Street.

I commented on the previous application (AWDM/1765/17) with regard to the exterior finish of the extention not in keeping with that of the standard brick external wall of the house.

The build is well advanced and the exterior wall is of breeze blocks is flush to the exterior of the house. It appears to me that the intention is to apply a render finish and paint with masonry paint, which would not comply with the appearance as per permitted development.

I would appreciate a reply to my comments.

Yours faithfully
