Subject: AWDm 0805/26 50 grafton rd/proposed nursery

Hi Rebekah,

Having looked at the proposal, I have the following comments:

1. The supporting statement mentions a kitchen area, however this is not indicated on the proposed GF plan so I am unable to give an opinion on whether or not the layout is satisfactory for food hygiene purposes. Please could the proposed kitchen area be indicated on an amended plan so that I can check it.
2. In relation to toilet provision, I would recommend that the applicant checks OFSTED requirements as there is a provision ratio that needs to be met between the number of children permitted and the number of toilets required.
3. I would also like details on where the refuse storage area and clinical waste storage area (for nappies etc) will be located.

Many thanks, Wendy.
