Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment: - Privacy Light and Noise

Comments: As the proposal is opposite residential properties in the Conservation Area on New Road it in not appropriate to have illuminated signs and an illuminated entrance frame.

The illumination will not be in keeping with the local street screen and will impact the area with additional and unnecessary light pollution.

Properties opposite the propose signage, built under AWDM/1181/12 are not permitted to have external lighting.
In the interests of amenity and to comply with saved policy RES7 of the Worthing Local Plan/ AP9 of the Adur District Local Plan.

This should also apply to the proposal.
