31 MAR 2009

Regarding your letter with above reference dated 18th March 2009 I have sent the following description and I hope the procedure will be as soon as possible because the incident of the glass smash was occur two times within three months and Iàm sure of your co-operation.

Q(2) **Material of SHUTTER IRON.**
Colour Of Shutter Silver

Q(4)

5.59 M

2.27 M SHUTTER

Q(5)Design and assessment
-The shutter cover the front site of the shop
-The shutter is use for shop security to protect the glass against smash vandalism.
- Measurement of shutter 5.59 M X 2.27 M
-The shutter cover the front glass .
- Roller shutter .
-The shutter will not affect the other buildings just covering the glass and it is far from public spaces . The shutter is closed during the night only.

Regards
