Dear Sirs

Town and Country Planning Acts
Proposed first floor extension at: 71 Beach Green, Shoreham

With reference to the above, the client has tried to find the manufacturers of the blocks which were used on the external face of this dwelling. The company was based on the Isle of Wight, but unfortunately no longer exist.

Although Thakeham do make a similar block, it is not identical. It is proposed to reuse asa much of the existing blocks as possible, but to reduce the number of blocks required, it is proposed to replace the two rear windows with French doors and Juliette balconies. Also, to blend in with the main building, it is proposed to replace the hip roofs with gables.

It is for this reason I herewith enclose two copies of a revised plan that I hope can be treated as a minor amendment to those plans originally approved.

Should you have any queries or require any additional information, please do not hesitate to contact me.

Yours sincerely
