West Sussex County Council Planning Services

Response to consultation (planning application): ARCHAEOLOGY

TO: Adur and Worthing Councils (FAO Eve Hearsey, Development Management)

Cc.: Development Management, Adur and Worthing Councils

DATE OF RESPONSE:	27th August 2019
REFERENCE:	AWDM/1237/19
LOCATION:	13 Manor Hall Road, Southwick, Brighton, West Sussex
PROPOSAL:	Proposed single-storey side extension to east elevation, front porch to south elevation and roof lights to south elevation

RECOMMENDATION: No objection.

SUMMARY: No expected significant archaeological impact.

COMMENTS:

The application site is located 105 metres to the east of the Southwick Roman Villa building Scheduled Monument, situated at the junction of Manor Hall Road and Southwick Street. At this distance from the Villa, it would be common for small paddocks and fields associated with the Villa to have existed, defined by boundary ditches (now buried).

The proposed side extension and front porch would occupy very small footprints in plan. Within the anticipated small Roman paddocks and fields, the new ground excavations are not expected to have any significant archaeological impact. Archaeological assessment and mitigation are not required.
