WORTHING BOROUGH COUNCIL
DEPOSITED
22 DEC 2008
CASE

BOROUGH COUNCIL
PLANNING SECTION
DEC 2008
Ref No.
WB/

Thursday, 18 December 2008

Dear Mr Sendall,

Re: Planning Application for alterations at 8, High Street, Worthing BN11 1NU

Condition 2 (ii) of our planning consent ref. No. WB/08/0174/FULL requires that we receive your written approval to "...Details and samples of the external materials, and the colour and texture of the finishes, for the proposed cladding panels below the existing pairs of windows above the ground floor entrance doors and window and for those above the first, second and third floor windows on the front elevation; ..."

Having stripped the worn and unsightly metal cladding from these locations, we have found this to have been fixed onto wooden battens fixed to solid concrete behind. We are proposing to apply a two coat rendered (sponge) finish, with a stainless steel bell drip beading to the bottom edges, which will be decorated with a heavy duty exterior paint. The colour chosen is B S 00A01 (a pastel grey).

Please can you confirm that this is acceptable.

Conditions 2 (i) and (iii). Details for these are to be finalised shortly and will be submitted prior to commencement of works on that phase of the project.

Yours sincerely

[redacted]

Nick Thomas
