Officer name:

Title: Mr First name: Peter Surname: Barnett

Reference: Preapp/0573/15

Date (DD/MM/YYYY): 07/07/2015 (Must be pre-application submission)

Details of the pre-application advice received:

Mr Barnett reviewed pre-application drawings and suggested that the ridge height of the proposed extension be lowered further. This has been done on the application drawings.
Mr Barnett also suggested that the ground floor extension on the east elevation be set back from the main house in-line with the first floor extension. I feel this is unwarranted as the first floor extension is already set back by 1.00m on both the east and west elevations which together with the set down ridge (0.50m), will achieve the subservient appearance of the extension. There are other examples of two storey rear additions at 137 and 155 Middle Road.
Mr Barnett questioned whether the extension was a rear or side extension due to the main access door facing Southview Close. The property address is Middle Road, not Southview Close. There are many examples of properties where the access door is on the side elevation. The main features of the property are on the south elevation facing Middle Road and I would argue that this is the Principle Elevation.

7. Trees and Hedges

Are there any trees or hedges on your own property or on adjoining properties which are within falling distance of your proposed development? ○ Yes ◉ No
