Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	I live on the opposite, West, side of The Green. The sound from people outside the pub clearly carries across the open space to the point where I can hear it whilst sitting in my house with the doors and windows closed. This is all year round because of the smoking hut, but it's obviously exacerbated in the warmer months by the additional seating on the front terrace. Not surprisingly, the later the evening gets, the merrier the clientele gets and the louder the noise gets. I cannot see how this application does anything but make that situation worse as it will allow at least a 200% increase in seating. I was somewhat surprised to see that the application suggests otherwise by answering "Are Hours of Opening relevant to this proposal?" in the negative. I also don't see how this development, with resulting increased noise and light pollution, fits with The Green's conservation area status.
