Objection to Planning Application
2 Cypress Close, Shoreham By Sea

We are writing to object to the above planning application.
The plan shows that the proposed building will be an over development and will completely dominate the bungalows either side, it will be an overbearing and oppressive structure and not in keeping with other properties in the Close.
The only houses in the Close are situated on the east side,
The majority of the bungalows have been extended into chalet bungalows but none have been increased in height.
With all the ground to be used for the proposed building where do they propose to park their vehicles.
We hope you will look into this matter.

Yours Sincerely
