

WEST SUSSEX COUNTY COUNCIL CONSULTATION

TO:	Adur & Worthing Councils FAO: Tom Westerman
FROM:	WSCC – Highways Authority
DATE:	29 April 2026
LOCATION:	179 Terringes Avenue, Worthing, BN13 1JS
SUBJECT:	AWDM/0431/26 Front extension. Conversion of garage to office/store/utility. Single storey rear extension. Rooflights to North, East, South and West roof slopes to create room in the roofspace.
DATE OF SITE VISIT:	n/a
RECOMMENDATION:	Advice

This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

This application is for a front extension. Conversion of garage to office/store/utility. Single storey rear extension. Rooflights to North, East, South and West roof slopes to create room in the roofspace. The site is located on Terringes Avenue, a C-classified road subject to a speed restriction of 30 mph.

There are no proposed changes to the existing access arrangement. The proposed development is not anticipated to give rise to a material intensification of use of the existing access point.

A single-bay garage will be lost as part of the proposals. However, it should be noted that the existing garage does not meet the minimum internal specifications for single-bay garages of 3m x 6m as outlined in Manual for Streets (MfS). Therefore, the LHA would not consider the existing garage for parking provision, as it is likely too small to accommodate modern sized cars. It is not unreasonable for the LHA to assume the existing garage may be being used for other purposes, such as storage.

As such, no concerns are raised regarding loss of existing parking provision. An existing driveway is to be retained with provision for three cars.

In summary, the LHA does not consider that this proposal would have an unacceptable impact on highway safety or result in 'severe' cumulative impacts on the operation of the highway network, therefore is not contrary to the National Planning Policy Framework (paragraph 116), and that there are no transport grounds to resist the proposal.
