TO MR. S. PECK.

I Thank you for your letter Dated 19-6-2015, And would like to say I am against such large Windows wanted to be put in the roof of the Bungalow.

I am the owner and Freeholder of my Property No 9 Overhill, and it Faces Straight over the road to No 11.

As You know We are on a Slight hill, and Her Kitchen window looks over into my Garden, with my Kitchen door open straight in.

IT would Lower the price of my Property Should I wish to Sell, as anyone buying likes a bit of Privacy and with the Busy Corner is hard to do.

So I hope you understand, and I would like to fall out with the Neibours, but We

PTO

worked hard for our Property and to have a little bit of Peace in our Retirement.

Thank You,
