Description of the Proposal

Please note in regard to:

- Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Demolition of the existing single-storey industrial unit at 77 Marlborough Road, Lancing, and redevelopment to provide a high-quality, purpose-built, two-storey industrial building (Use Class E(g)(iii)) comprising production, assembly, operational, ancillary storage and logistics space at ground floor with ancillary office, welfare and administrative accommodation at first floor. The development provides approximately 756 sqm Gross Internal Area within a reduced building footprint, together with associated access, car parking and cycle parking.

Has the work or change of use already started?

Trees and Hedges

Are there trees or hedges on the proposed development site?

☒ Yes

☐ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

☐ Yes

☒ No

You may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application.

The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

☐ Yes

☒ No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

Will the proposal increase the flood risk elsewhere?

☐ Yes

☒ No

How will surface water be disposed of?

- ☒ Sustainable drainage system
- ☐ Existing water course
- ☐ Soakaway
- ☐ Main sewer
- ☐ Pond/lake

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
- ☐ Yes, on land adjacent to or near the proposed development
- ☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
- ☐ Yes, on land adjacent to or near the proposed development
- ☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
- ☐ Yes, on land adjacent to or near the proposed development
- ☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☒ Yes
- ☐ No

Industrial or Commercial Processes and Machinery

Does this proposal involve the carrying out of industrial or commercial activities and processes?

☒ Yes

☐ No

Please describe the activities and processes which would be carried out on the site and the end products including plant, ventilation or air conditioning. Please include the type of machinery which may be installed on site:

The site will be used as a high-tech industrial and operational facility. Activities include the receipt, storage, assembly, configuration, testing and dispatch of high-value industrial IT and networking equipment, together with associated ancillary office functions and staff welfare space.

Processes comprise clean, bench-based assembly and pre-commissioning testing of industrial computers, control equipment and network systems. All activities take place entirely indoors and involve light technical and engineering work only, using electrically powered hand tools and electronic test equipment. No fabrication, machining, cutting, welding, spraying or other emissions-producing processes are proposed.

Storage and distribution activities relate solely to completed equipment and electronic components. These operations will be undertaken manually or using standard pallet trolleys only; no forklifts, heavy plant or external machinery are required or proposed.

The end products are fully assembled, configured and tested industrial IT systems ready for dispatch to commercial and infrastructure clients. The process does not create on-site manufacturing waste streams.

Space heating will be provided via air source heat pump units, with standard commercial mechanical ventilation and, where required, air conditioning to maintain suitable internal environmental conditions. No process-specific extraction or specialist ventilation systems are required.

All activity is low-noise, low-impact and contained within the building, with servicing and deliveries limited in frequency and undertaken by standard light goods vehicles.

Is the proposal for a waste management development?

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- ☒ Yes
☐ No

Is any of the land to which the application relates part of an Agricultural Holding?

- ☐ Yes
☒ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of “agricultural tenant” in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
