Our ref: CTIL_149941_TEF_72206_NA

Dear Sir/Madam,

CLARIFICATION OF THE DECLARATION OF ICNIRP COMPLIANCE ISSUED AS PART OF THE PRIOR APPROVAL APPLICATION ATTACHED FOR THE PROPOSED UPGRADE TO EXISTING STREETWORKS TELECOMMUNICATIONS INSTALLATION AT CTIL_149941_TEF_072206_NA LAND AT THE CORNER OF EASTERN AVENUE WITH UPPER SHOREHAM ROAD, SHOREHAM BY SEA, WEST SUSSEX, BN43 6PF - (NGR E 522295 N 105922)

I refer to the Declaration of Conformity with ICNIRP Public Exposure Guidelines ("ICNIRP Declaration"), sent with this application in relation to the proposed telecommunications installation as detailed above.

The "ICNIRP Declaration" certifies that the site is designed to be in full compliance with the requirements of the radio frequency (RF) guidelines of the International Commission on Non-Ionizing Radiation (ICNIRP) for public exposure as expressed in the EU Council recommendation of July 1999.

The ICNIRP declaration produced by Clarke Telecom takes into account the cumulative effect of the emissions from the proposed installation and all radio base stations present at, or near, the proposed location.

The radio emission compliance calculation is based upon the maximum possible cumulative values.

All operators of radio transmitters are under a legal obligation to operate those transmitters in accordance with the conditions of their licence. Operation of the transmitter in accordance with the conditions of the licence fulfils the legal obligations in respect of interference to other radio systems, other electrical equipment, instrumentation or air traffic systems. The conditions of the licence are mandated by Ofcom, an agency of national government, who are responsible for the regulation of the civilian radio spectrum. The remit of Ofcom also includes investigation and remedy of any reported significant interference.

CTIL

The telecommunications infrastructure the subject of this application accords with all relevant legislation and as such will not cause significant and irremediable interference with other electrical equipment, air traffic services or instrumentation operated in the national interest.

If you have any further enquiries concerning the "ICNIRP Declaration" certificate or anything else in this letter then please contact the CTIL EMF UNIT on 01753 564306.

Yours faithfully

[redacted]

Simon Stephens
Design Manager

Declaration of Conformity with ICNIRP Public Exposure Guidelines
("ICNIRP Declaration")

Telefonica UK Limited
260 Bath Road
Slough
Berkshire
SL1 4DX

Declares that the proposed equipment and installation as detailed in the attached GPDO application at:

EXISTING STREETWORKS INSTALLATION
CORNER OF EASTERN AVENUE WITH UPPER SHOREHAM ROAD
SHOREHAM BY SEA
WEST SUSSEX
BN43 6PF
NGR E 522295 N 105922

is designed to be in full compliance with the requirements of the radio frequency (RF) public exposure guidelines of the International Commission on Non-Ionizing Radiation (ICNIRP), as expressed in the EU Council recommendation of 12 July 1999 * "on the limitation of exposure of the general public to electromagnetic fields (0 Hz to 300 GHz)".
