Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design
Comments:	I would object to this application if the existing wall of the conservatory and footings have be replaced such that the new footing undermines the footings of No. 24 in any way . Secondly I have a concern that the small channel between the proposed walls of No.23 and those of No. 24 will result in a build up of debris and damp . I want to be reassured that the design will prevent this concern.
