RE: Householder planning application at 44 Mill Road, Lancing, West Sussex, BN15 0PZ

Dear Sir/Madam,

We write with reference to our application for householder planning consent for the proposed extensions and alterations at 44 Mill Road. This application follows the approval of householder planning consents AWDM/1397/19 and AWDM/0120/21.

No works from the approved schemes have been completed, thus the existing arrangement remains intact. This revised scheme seeks to make significant reductions and minor alterations to application 0120/21. The scheme sees the loss of any additional built area, instead focusing only on the previously approved first floor extension. Further minor alterations to the scheme include the revisions of fenestration and exterior materials.

Yours faithfully,

Courtney Darby
