18 February 2011

Dear Mr Appleton

Your Ref: ADC/0485/10 – Rear extension and rooms in roof space (including roof extensions with front and rear gables) (Amended Plan)

1 Mardyke, Shoreham-by-Sea, West Sussex BN43 5LL

I refer to your letter of 11 February in respect of the above planning application and wish to reiterate my objections as set out in my letter to Mr Morgan in January 2011.

Having checked the website I find that the amended plans are not available and therefore I have not been able to see them but I understand that the proposed rooms in the roof space have not been amended and from the four windows anyone would be able to see straight into my two bedrooms and bathroom. The privacy for my house would be seriously affected by these proposals.

If this application is approved, even if further amended, can it be agreed that the glazing be obscured? Would you please confirm that the proposed height of the roof will not be exceeding the present height?

Mr Morgan has visited both my neighbours at numbers 23 and 25, but as I was not at home on the day he came, unannounced, when I spoke to him he refused to visit number 24 and said it was not worth it and he had seen enough. I did not consider this satisfactory.

Yours sincerely

[redacted]
