26th July 2012

Dear Sir

Your Reference AWDM/0823/12

Thank you for your recent letter with regard to proposed building extensions to our next door neighbours (No. 6).

Your letter and proposed plans confirm the occupants want to build three dormer windows at the front and back and extend the roof to the end of their bungalow.

We have lived here for many years as have numerous other neighbours. Nearly all the bungalows have two bedrooms and are all owned by people in their 70s and 80s.

No. 6 is the only property with children, and there is little area for children to play.

Everyone my wife and I speak to confirm your proposed Plans should be refused.

Yours faithfully

Mr. B. Pegg.
