Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity
Comments:	I feel compelled to write and object to this application. This does not appear to be a coherent plan at all but merely a spurious list of ill conceived ideas. On that basis I must assume the purpose here is an initial attempt to build on the southern gap. This must be refused in order to retain the whole of Goring Gap.

Kind regards
