Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	The original application was passed with fully obscured windows. Providing only partial obscuring will result in our home being overlooked by residents of Cecil Norris House. This is NOT acceptable and we object in the strongest terms. It is also NOT acceptable for the truncated windows to have non-obscured glass. It was agreed at the planning stage that all windows on the North elevation facing east and west would be fitted with obscured glass to retain neighbours privacy and to prevent the residents overlooking the neighbouring property. We object VERY strongly to any proposed changes to this. We have been advised by email on 25/09/2020 that the truncated windows will be fully obscured but want to register our strong concern that this happens.
