Comments:	I am writing to comment on the revised application for 177 Old Fort Road. The current proposals as shown on the revised drawings (Rev C) are a great improvement on the original application and therefore I do not wish to raise any objections. The applicant has taken all our original comments on board and we thank them for this. We particularly like the sympathetic treatment of the proposed new rear extensions and feel the pitched roofs are very much in keeping with the character of the original property.
