Proposal: Approval of details required by conditions 9 (FIFA certification/registration) and 11 Management and Maintenance Scheme attached to permission AWDM/1688/22.
Sport England Reference: PA/24/SE/AAW/69308

Thank you for consulting Sport England on the above application.

In relation to condition 9, the information submitted is satisfactory and Sport England has no objection to this condition being discharged.

For condition 11 however, the generic information submitted is not sufficient to meet the requirements of the condition and Sport England needs to see a bespoke scheme developed that identifies very clearly how the use of the facility of the facility will be managed and how it will be maintained on a daily, weekly, monthly and seasonal basis and by whom. We also need to be satisfied that appropriate means of accumulating a sufficient 'sink fund' to replace the carpet in due course is put in place. To that end, I have spoken to the school directly to help it in developing such a scheme.

While the scheme is being prepared, Sport England would object to condition 11 being discharged.

Please contact me if further information is required.

Yours sincerely,
