Re: Replacement of play equipment to playground in Westbrook Way Southwick.

Dear Sirs

I am writing to you concerning the planning application to the above site, for more equipment. We live directly opposite the park area and have to suffer noise and disturbance from children, older teenagers and foreign students, up till late at night, particularly during the spring and summer time. We fear this application would cause more children to come from outside the estate making more nuisance and harassment for us and our neighbours.

We also feel that this equipment would not be valued or looked after, seeing that the present equipment and area has had to be repaired or replaced on previous occasions.

For these reasons we strongly oppose this proposal from going forward.

Yours faithfully
