[redacted]

Comments

Submission Type:
Customer objects to the Planning Application.

Comments:
Having looked at the drawings it shows that the height of the property is going onto my boundary, it is too high. Privacy will be lost in my private garden. As we would be looking down from our 1st floor flat the appearance and design of the extension would become an eyesore. The disturbance would be too great as they would need to move our waste pipes system which will effect the daily living of our tennants. Our tennants have already voiced their concerns after seeing the plans as they have small children and the noise and disturbance of the building works would not be acceptable. Alsotake into consideration that it would not be keeping in character of the street as no-one else has this type of extension.
