Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other
Comments:	<p>Sirs, The application for change of use to an HMO is clearly based upon the short term financial gain that could be made in connection with Illegal Immigrants and Asylum Seekers and not with a view to enhancing the area in any way. The seafront is an area which is supposed to be attractive for both residential purposes and indeed for tourism. The potential anti-social behaviour that is likely to arise from this proposed development would seriously detract from this. There is already a large amount of anti-social behaviour in the adjoining road, Queens Road and this is clearly due to the fact that undesirable residents are allowed into the area. The police are already over stretched and to expect them to deal with additional, potential problems, as a result of this development, is unreasonable. In addition to this, there is the additional potential litter problem which would arise from the increased occupancy which again would detract from the appeal to any tourists. With respect, I think that the Council should be able to see through this rather Cynical approach to a Planning Application.</p>
