Comments: In the paper it stated that the application argues the change of use meets 'the spirit of Lancing Vision' which encourages new class A3 cafes into the towns North Road frontage... however it doesn't meet the Lancing culture of supporting smaller, local businesses that give back and work alongside the community.

We do not need a global coffee chain taking our money to make the rich even richer. When we have amazing coffee shops and cafes already, that are family run. I would prefer to spend my money knowing it's going towards putting food on the table for a local, hard working family AND being put back into my local community through their purchases of local produce.
