

This is crazy!

There is a new development going on adjoining this for which there have been no additional resources allocated.

When are people supposed to be able to see a Doctor?

There is only one small road allowing access to both developments. The road is a mess due to this and was partly repaired but the double yellow lines were never painted back. Who overseas this work?

What about drainage?

More than 450 plus cars extra now, and that a low guess, on the small road way trying to get in and out.

If this goes through, which it is probably as a fait accompli.

Time for Worthing councillors to realise a back bone and reject this.

Regards

Angela Byford
