Subject: Planning permissionref AWDM/0379/15

[redacted]

Dear Mr. Devonport,

I have just found your letter asking for written observations from my Mother, who is 87, about à planning application from my mother's neighbours. The délay indicated was 21 days. Previous plans for an extension were refused.The letter was not sent by post or else I would have been able to react earlier on her behalf. She is very worried about the impact the project will have on the appearance and character of thé property. Also would there be à loss of light to her windows on the garden side. I live in France and I hold EPA for her. I could not contact you by phone today but if you wish to téléphone me my number is : [redacted]

Any building out behind "Little Vines" would add to à grevious planning permission error in thé past. My parents bought the Post Office and Stores from Mr. and Mrs. Evans in 1970 who themselves had bought the property from Mr. and Mrs. Atterbury. The Atterburys had sectioned off all the Land around to build "The Vines" (not the original name) and erected the présent house 2 oe 3 feet from the Post Office wall. This could probably have been contested at the time but never was. I have taken several photos this morning to give ample vision of thé existing site as seen from my mother's property.

Yours sincerely,

Catherine Gonneau (née Carnell)
