Development Management - Delegated Officer Report

Application Number: AWDM/0277/24 Recommendation – APPROVE

Site: 8 Fourth Avenue, Lancing, BN15 9PY

Proposal: Application for a Lawful Development Certificate for proposed rear dormer and front rooflights.

Date of site visit: N/A Assessment has also been assisted using the Applicants plan; Earthlight mapping; and Google 3D of the site

Neighbours checked: Y

Additional neighbour notifications: N

Site and Surroundings:

8 Fourth Avenue is positioned on the north side of the road and is a two storey middle of terrace dwelling. The rear garden has an outbuilding at the end of the garden next to the rear access way (West Lane).

The street scene is characterised by two storey dwelling properties, many of which have undertaken rear extensions and/or roof dormer extensions, and some also have rooflights to their front roofslopes.

The site is not a Listed Building or within a Conservation Area.

Relevant Planning History: None

Proposal:

A Certificate of Lawfulness is sought for a:-

- A flat roof rear dormer; and
- 2no. rooflights to the front roofslope.

Planning Assessment

Principle

Class B – additions etc. to the roof of a dwellinghouse

Permitted Development

B The enlargement of a dwellinghouse consisting of an addition or alteration to its roof

Development not permitted

B.1 Development is not permitted by Class B if:-

a) The dwellinghouse has been granted only by virtue of Class G, M, MA, N, P, PA or Q.

Analysis: The dwellinghouse has not been created through change of use by virtue of Part 3.

b) The height of the roof extension would exceed the highest part of the existing roof;

Analysis: The flat roof of the rear dormer is below the highest part (ridge) of the existing roof.

(c) the roof extension would extend beyond the plane of any existing roof slope which forms the principal elevation of the dwellinghouse and fronts a highway;

Analysis: The rear dormer will not be onto the principal elevation etc.

(d) the cubic content of the resulting roofspace would exceed the cubic content of the original roof by more than:-
i) 40 cubic metres in the case of a terrace house, or
ii) 50 cubic metres in any other case.

Analysis: The plans are notated with the calculations for the cubic capacity and shows it to be 22.56 m^3 which is under the 40 m^3 allowed.

(e) it would consist of or include:-
i) the construction or provision of a verandah, balcony or raised platform, or
ii) the installation, alteration or replacement of a chimney, flue or soil and vent pipe;

Analysis: The existing soil and vent pipe is being altered but will be covered by Class G (see below).

(f) the dwellinghouse is on article 2(3) land

Analysis: The dwelling house is not on article 2(3) land.

(g) the dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses); or

Analysis: The dwellinghouse has not been created by virtue of Part 20.

(h) the existing dwellinghouse has been enlarged in reliance on the permission granted by Class AA (enlargement of a dwellinghouse by construction of additional storeys).

Analysis: The above does not apply.

B.2 Development is permitted subject to the following conditions:-

(a) the materials used in any exterior work must be of similar appearance to those used in the construction of the exterior of the existing house;

Analysis: A submitted planning statement confirms that the materials used will be of a similar appearance to those of the existing dwellinghouse.

(b) the enlargement must be constructed so that:-

i) other than in the case of a hip-to-gable enlargement which joins the original roof to the roof of a rear or side extension –

(aa) the eaves of the original roof are maintained or reinstated; and

(bb) the edge of the enlargement closest to the eaves of the original roof is, so far as practicable, not less than 0.2m from the eaves, measured along the roof slope from the outside edge of the eaves, and

ii) other than in the case of an enlargement which joins the original roof to the roof of a rear or side extension no part of the enlargement extends beyond the outside face of any external wall of the original dwelling house.

Analysis: The proposal complies with the above. The submitted planning statement confirms that there will be a minimum of 0.2m set back from the eaves.

c) any window inserted on a wall or roof slope forming a side elevation of the dwelling house must be:-

i) obscure glazed and
ii) non-opening unless the parts of the window which can be opened are more than 1.7m above the floor of the room in which the window is installed.

Analysis: The property is a middle of terrace, therefore no side elevation.

Class C – other alterations to the roof of a dwellinghouse

Permitted development

C. Any other alteration to the roof of a dwellinghouse.

Development not permitted

C.1 Development is not permitted by Class C if—

(a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class G, M, MA, N, P, PA or Q of Part 3 of this Schedule (changes of use);

Analysis: The dwellinghouse has not been created through change of use by virtue of Part 3.

(b) The alteration would protrude more than 0.15 metres beyond the plane of the slope of the original roof when measured from the perpendicular with the external surface of the original roof;

Analysis: The submitted planning statement confirms that the rooflights would not project further that 0.15m beyond the plane of the slope of the existing roof.

(c) It would result in the highest part of the alteration being higher than the highest part of the original roof;

Analysis: The rooflights etc., will not be higher than the highest part of the original roof, namely the ridge.

(d) It would consist of or include—

(i) the installation, alteration or replacement of a chimney, flue or soil and vent pipe, or

(ii) the installation, alteration or replacement of solar photovoltaics or solar thermal equipment.

Analysis: The existing soil and vent pipe is being altered but will be covered by Class G (see below).

(e) the dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses).

Analysis: The above does not apply

Conditions

C.2 Development is permitted by Class C subject to the condition that any window located on a roof slope forming a side elevation of the dwellinghouse must be— (a) obscure-glazed; and (b) non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed.

Analysis: The property is a middle of terrace, therefore no side elevation.

Class G – chimneys, flues etc. on a dwellinghouse

Permitted development

G. The installation, alteration or replacement of a chimney, flue or soil and vent pipe on a dwellinghouse.

Development not permitted

G.1 Development is not permitted by Class G if—

a)permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class G, M, MA, N, P, PA or Q of Part 3 of this Schedule (changes of use);

Analysis: The dwellinghouse has not been created through change of use by virtue of Part 3.

(b) the height of the chimney, flue or soil and vent pipe would exceed the highest part of the roof by 1 metre or more; or

Analysis: The height of the altered soil and vent pipe would not exceed the highest part of the roof.

(c) in the case of a dwellinghouse on article 2(3) land, the chimney, flue or soil and vent pipe would be installed on a wall or roof slope which—

(i) fronts a highway, and
(ii) forms either the principal elevation or a side elevation of the dwellinghouse.; or

Analysis: The site is not article 2(3) land.

(d) the dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses).

Analysis: The above does not apply.

Recommendation

Issue a Certificate of Lawfulness as the proposal is permitted development by Class B, Class C & Class G within Schedule 2 Part 1 of Town and Country Planning (General Permitted Development) (England) Order 2015 as amended.

Reasons for Recommendation

The proposal constitutes ‘development’ as defined by Section 55 of the Town and Country Planning Act 1990, and is permitted by Class B, Class C and Class G of Schedule 2, Part 1 of the Town and Country Planning (General Permitted Development) (England) Order 2015, as amended.
