Following a telephone call with Carlos Hone, he advised me that I had submitted the wrong form, ie for an existing use and it should have been for a proposed use form.
Please find attached the correct form as discussed with Calos the other documents as submitted are still relevant.

Carlos also advised me that the fee as submitted would not apply as it refers to an existing planning application. Can you confirm that this is the case, and return the cheque please.

Thank you for your help
