WASTE MINIMISATION STATEMENT

Site Address:
186 Downside, Shoreham-By Sea

Proposal:
Loft conversion, to change hipped roof to gable end. One front dormer and two roof lights to the front and enlargment of existing dormer to the rear.

Building Materials:
Tiles from existing roof to be re-used on new roof sections. New materials to be obtained from local suppliers. Where possible re-cycle timber from existing roof into new construction. Any plasterboard waste to be removed by approved contractor.

Waste:
Bundle bag or tie waste to prevent it being blown away.
