Subject: 46 Downsway - 0974/20

Dear Mr Morris

Thank you for allowing me to site visit yesterday.

I have now read the comments made by both neighbours. They would both like to see the boundary fencing increased in height to ensure mutual overlooking isn't possible.

The glazing in the structure is 2 metres in height. The boundary fencing will need to increase to this height to ensure privacy.

I need you to show the alteration to the fence on the submitted drawing, length and height so that I can condition its erection and retention. It should run the full length of the boundary.

I look forward to hearing from you.

Kind regards.
