5th July2010

Att: Carlos Hone

Dear Sirs

Ref: ADC/0223/10
Site: 184 Downside, Shoreham-by-Sea, West Sussex. BN43 6HD
Proposal: Loft Conversion with Front Dormer.

With reference to your letter of 29th June 2010 re: approval of planning permission granted to the above property, I have now amended the width of the rear dormer to be 4250mm wide replacing 4600mm wide previously which using your calculation method now brings the volume of the three elements below the 50m3, so this falls within the allowable limits.
Please can you confirm that the revised rear dormer is acceptable as an amendment to the planning consent, and that my Client can commence the loft conversion with no further consents required.
I have attached 2no copies of the revised plans for your information and records, and would appreciate a prompt response.

Yours faithfully
