LOCATION:	STREET RECORD, Heene Place, Worthing
SUBJECT:	AWDM/0794/25 Resurfacing of southern part of the road in tarmac and installation of removable parking bollards
DATE OF SITE VISIT:	N/A
RECOMMENDATION:	Advice
S106 CONTRIBUTION TOTAL:	N/A

This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

This application seeks the resurfacing of the southern part of Heene Place with tarmac and installation of removable parking bollards. This section of Heene Place is privately maintained, so WSCC as Local Highway Authority (LHA) are limited in their ability to comment on the proposals in respect of the impact on the maintained highway network. But having reviewed the submitted plans, the LHA would not anticipate that the proposals would give rise to a highway safety or capacity concern.

In summary, the LHA does not consider that this proposal would have an unacceptable impact on highway safety or result in 'severe' cumulative impacts on the operation of the highway network, therefore is not contrary to the National Planning Policy Framework (paragraph 116), and that there are no transport grounds to resist the proposal.
