Subject: Re: ADC/0307/10 - 340 Upper Shoreham Road, Shoreham-by-Sea

Dear Hannah,

Thank you for your message regarding the extension to 340 Upper Shoreham Road and the revised plans.

Although the overall dimensions have been altered and as you pointed out to me, reduced by .5m the difference between the original foundations and the proposed is still 1.5m.
If you take into account that the existing building has a sloping roof over the garage the new first floor will extend a considerable 4m from the original house. Projecting this vertically over 2 floors it will be, in our view, overbearing and oppressive and greatly reduce the light to our living room.

This extension would be perfectly acceptable if this corner property was built the conventional way but in this case it's sideways on to our property.

Without wishing to appear uncompromising we must now consider if we should take the issue to committee.

Yours sincerely,

Mr & Mrs Anthony Wall
