Dear Hannah

Thank you for including us on your email to Debbie Kennard.

With regards to photographs I have prepared some documents which include pictures and schematic illustrations of the proposed extension.

These are set up as pdf files for you (or us) to print the required copies. On one example I have briefly listed our concerns but please let me know if this is acceptable.

If not I will change it and send again.

I will keep Debbie Kennard informed.

Kind regards

Anthony Wall
