Comments:	I fully support this application as Worthing football club has become an important resource to the area with its support of numerous charities whilst providing an excellent venue for the mens, women's and numerous youth leagues that play there. The ground has improved significantly in the recent years but the board and management still want to find ways of improving the visitor experience which is an admirable goal whilst being mindful

of its impact to local residents. The growth of the club can only benefit the town from increased television coverage and tourism generated from it also. Thank you.

Kind regards
